Standing Orders and Financial Regulations

Over the years there have been a number of changes to the Standing Orders and Financial Regulations by the Council and Officers that they have become confused and conflicting.

It is therefore best practice to go back to basics and start again to ensure correct legalisation

We have started to work on some amendments and we are aware that new model Standing Orders and Finance Regulations are being produced shortly by NALC as there have been some new legislation surrounding Code of Conduct, financial management and EU law.

As soon as this is available we will be updating the Council and also uploading live amendments to the mod.gov website where all policies and procedures will be stored for ease of access for Members.
